

REPORTS

- Applicant balances
- Unobligated balances
- Claims audit trail
- Matrix audit trail
- Fraud Checking
- Notification letters
- Budgets
- Statistics

Roeing Corporation provides Date Management software for both the weatherization and energy assistance programs.

Wxconnect is a weatherization program that allows you to track, measure, budget and monitor your data in one centralized location. **Wxconnect** offers agency and state level reporting that also integrates with our energy assistance program. **Wxconnect** is web-based, which allows your data to be stored in one centralized location and securely accessed from any PC attached to the Internet.

ADDITIONAL PROGRAMS

- Weatherization
- Energy Assistance
- Community Service Block Grants
- Community Development Block Grants
- ARRA Funding

Features include:

- Client Demographics
- Dwelling Statistics
- Budget and financials
- Overhead cost budgeting
- Job costs
- Monitoring tools
- Multiple funding sources
- Agency and state level reporting

Roeing can host these applications for you or you can purchase a premise-based license. For more information, contact David Ingram at 1-888-787-5402 or send an email to software@roeing.com.
