## HFAconnect - EMPOWERING HOUSING FINANCE AUTHORITIES

HFAconnect is a comprehensive data management system designed for Housing Finance Authorities. HFAconnect is designed to manage the grants and compliance for awards and loans within an HFA. The system is built to automate the application process, manage the grant lifecycle, process financials, and perform project monitoring for compliance.

**HFA Portal** – HFA staff can manage all awards, financials, and compliance data.

**Grantee Portal** – Grantees can apply for grants, request funds, and upload documentation.

**Online Applications** – Apply for grants and loans online.

**Award Management** – Manage awards, financials, documentation, and compliance.

**Finance Management** – Manage disbursements, return of funds, and balances.

**Compliance Monitoring** – Perform compliance monitoring based on each programs' rules.

**Task Management** – Assign tasks to staff to ensure work is completed.

**Closeout Processing** – Closeout awards and capture final documentation.
